

Livestreaming Volunteers

Who

Available on Sunday mornings and/or afternoons

Confident to work alone

Confident with computers and learning new programmes

Experience of attending Cathedral services

What skills

A good knowledge of the content of Cathedral liturgy

Comfortable learning new technology

Basic knowledge of YouTube

Confident using a tablet computer and laptop

Training

A demonstration on how to use the equipment and supervision until comfortable using hardware and software. A handbook can be provided for ongoing support and refresher training can be provided if necessary.

Role

To assist with the Cathedral's digital ministry by livestreaming Sunday's regular Choral Eucharist and Choral Evensong services to the Cathedral's YouTube channel, as well as occasional special services/other events.

This role involves using a laptop and a touchscreen monitor to control up to 6 different cameras, as well as programmes such as PowerPoint, YouTube and Wirecast.

Time commitment

One or two Sunday morning/afternoon services per month. Extra support at Easter and in December is appreciated.
